Un'impronta unica
A unique and original mark

Artigianart grazie a uno spiccato senso artistico rende pregiato un materiale semplice realizzando pavimenti, rivestimenti e oggetti d'arredo con colore e creatività.

Una continua ricerca di stili e di idee ha dato vita a spazi pubblici e privati con effetti decorativi unici

Artigianart uses its artistic inspiration to make a simple material valuable, using colour and creativity to create floors, linings and furniture. A continuous research of styles and ideas has provided public and private spaces with a wide range of unique decorations.

Materiale per le tue idee

Material for your ideas

La versatilità della resina assicura lavorazioni sempre diverse, personali, e grazie ad un'ampia gamma di effetti, colori e decorazioni è capace di dare una veste innovativa dal sapore artistico.

Fantasia e originalità trovano espressione nei trattamenti tradizionali e nelle decorazioni più complesse e particolari.

Resin is such a resourceful material at it gives you the opportunity to have always different and personal processings; thanks to a wide range of effects, colours and decorations it can provide an artistic but still fresh look.

Fantasy and originality find their own expression in traditional treatments and in more complex and particular decorations. decorations

Semplicemente resina

Simply resin

Stratificare la resina con una precisa tecnica di lavoro manuale offre molti vantaggi a livello tecnico e pratico, in quanto consente di lavorare sopra le superfici già esistenti.

Le sue caratteristiche di impermeabilità, lavabilità e resistenza ne fanno un materiale di grande qualità edurevole nel tempo

To layer resin with a precise manual technique offers many advantages on a technical and practical level, because it allows you to work on the existing surfaces.

Resin is a waterproof, washable and resistant material, and these qualities make it a luxurious and lasting product.

Resina Autolivellante Self-levelling

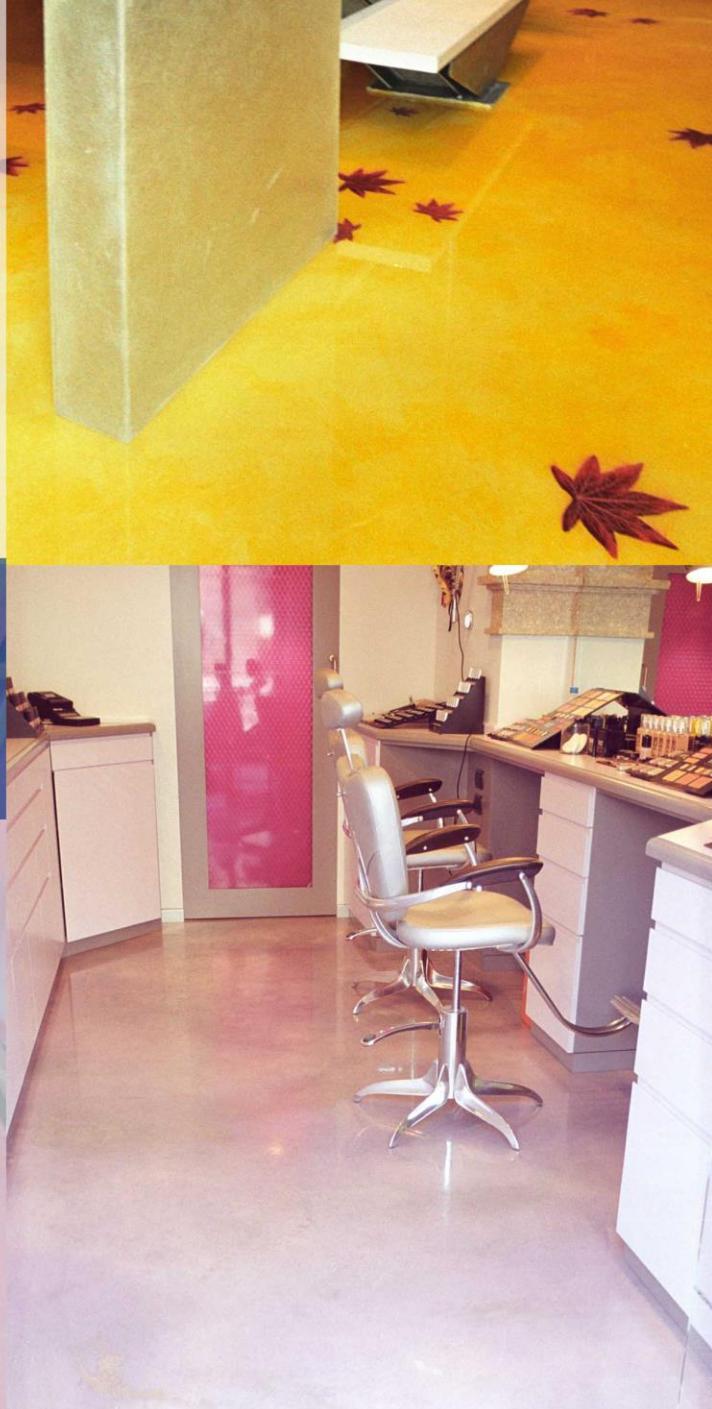

Resina Epossidica
Auto- livellante consiste in un bi - componente epossidico trasparente applicabile a spatola con uno spessore di 2mm.
una volta livellato risulta come una lastra di vetro sia per la sua lucidita' che profondita' e trasparenza(finitura extra lucida)

Epoxy Resin
The self-levelling layer consists of a transparent epoxide bi- component applied by spatula with a 2mm thickness.

Once it is levelled it has the appearance of a glass sheet, in shine, depth and transparency (extra shiny finish)

Spatolato Film Film Resin

Resina a film

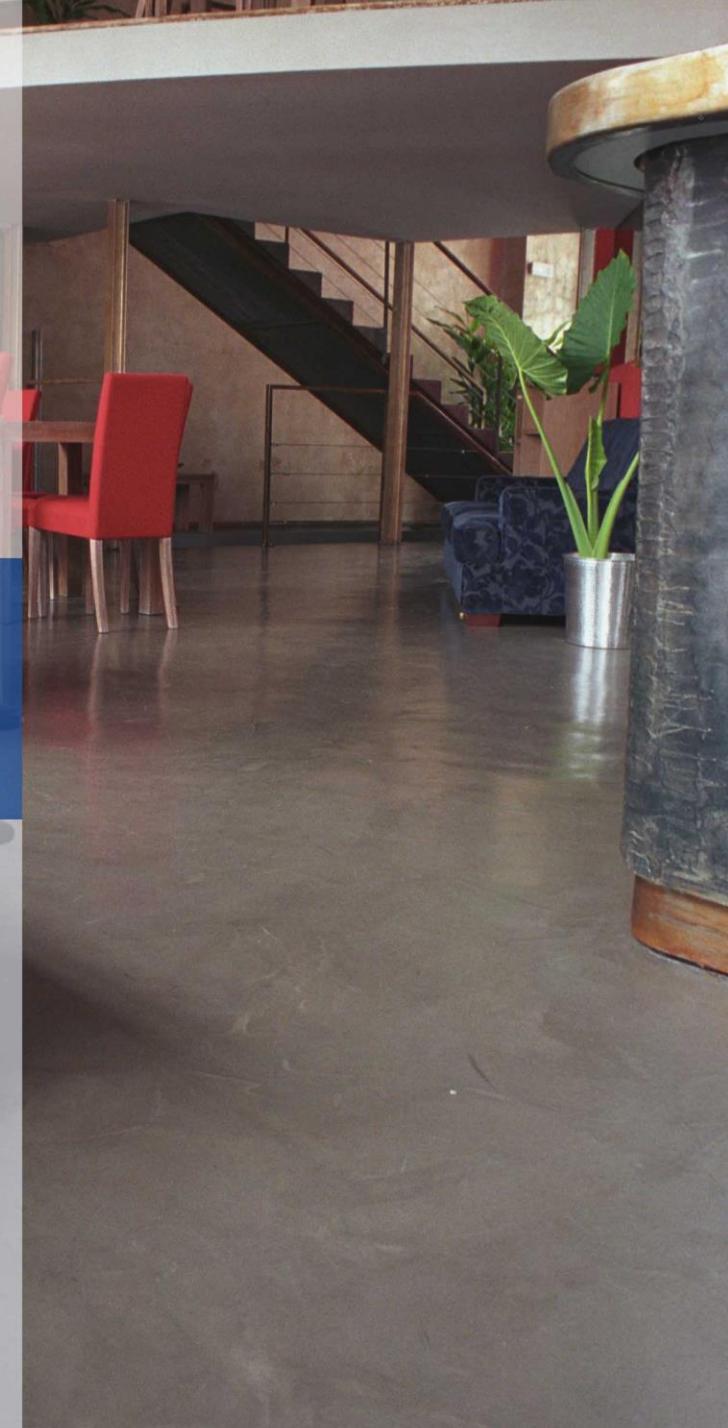

A film aderisce allo strato del fondo decorato creando uno spessore a pellicola (finitura satinata).

Applicabile a rullo e a pennello con tempi di indurimento che vanno da 24-48 ore."

Resin film

The film adheres to the decorated foundation layer, creating a film-like thickness (mat finish). It is applied by roller and brush with hardening times ranging from 24-48 hours."

Con la resina puoi

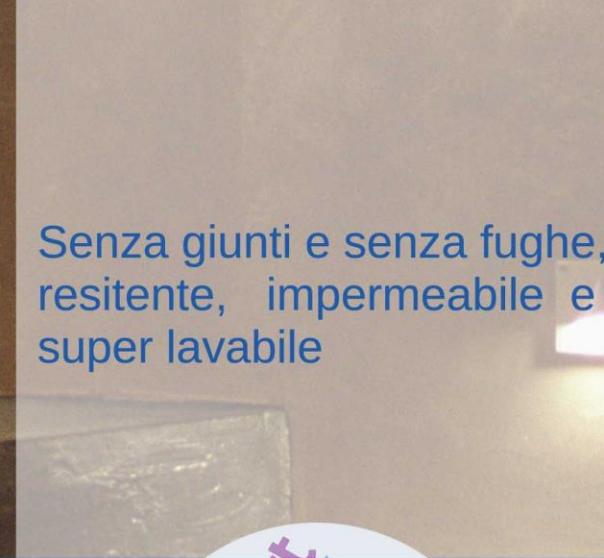

With the resin you can

Rivestire scale in marmo,
piastrelle, gres, cemento,
intonaco, ceramica, con
uno spessore minimo
di 2.5mm, senza demolire
e ripristinare i sottofondi

Rivestire scale in marmo,
piastrelle, gres, cemento,
intonaco, ceramica, con
uno spessore minimo
di 2.5mm, senza demolire
e ripristinare i sottofondi

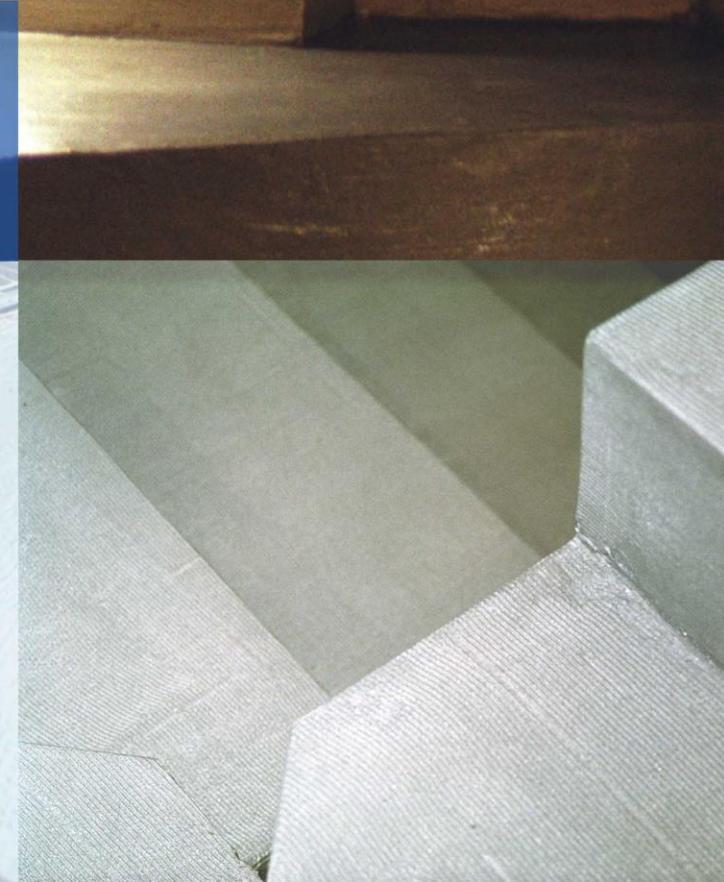

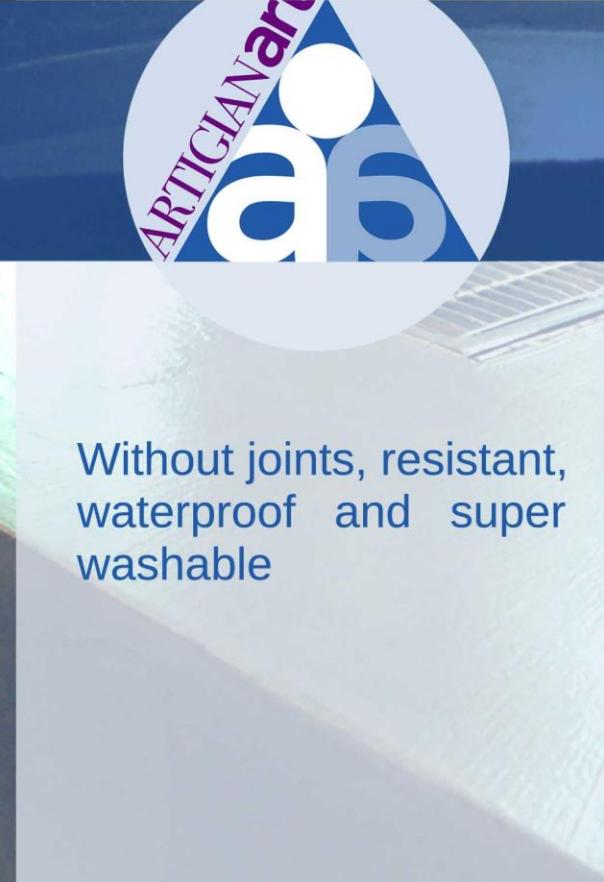

Coat marble stairs, tiles,
stoneware, cement, plaster,
ceramic, with a minimum
thickness 2.5 mm, without
demolishing and restore
the substrates

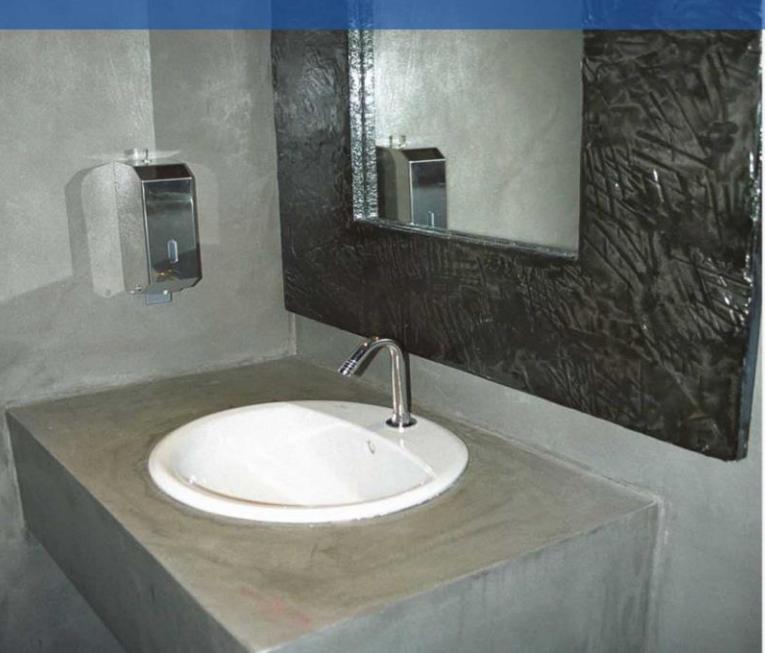

Come una scultura
Like a sculpture

Senza giunti e senza fughe,
resistente, impermeabile e
super lavabile

Without joints, resistant,
waterproof and super
washable

Bagni spettacolari resin bathrooms

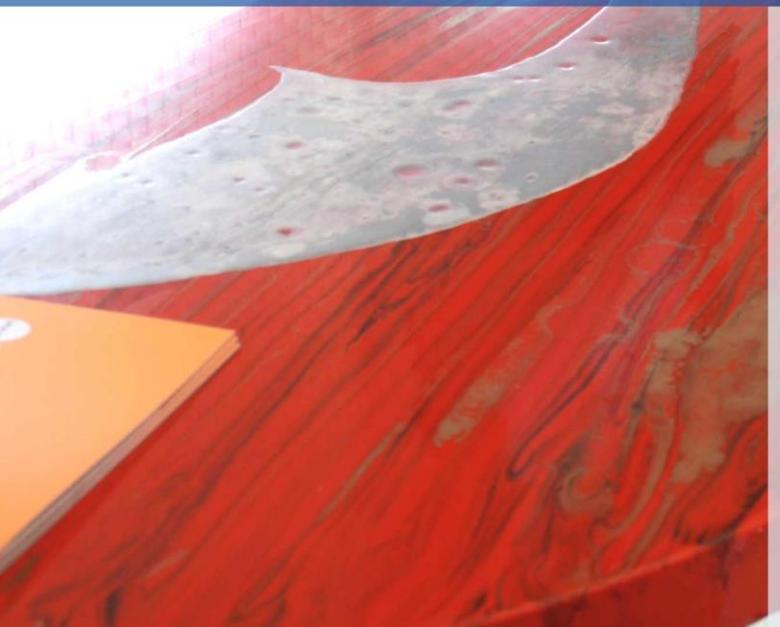

The resin baths offer excellent mechanical characteristics, such as impermeability, thermal insulation and washability.

Complementi D'arredo

Furnishing accessories

Tavoli da soggiorno, cucina,
studio, riunione, bar, caffè,
console, banconi bar,
librerie, top bagno, top
cucina, e molto altro
